PROFESSIONAL SUMMARY

Passionate Junior Full-Stack Developer with hands-on experience in building robust web applications. Proficient in back-end (PHP/Laravel) and front-end (React.js) development, gained through a comprehensive internship. A quick and collaborative learner, eager to contribute to innovative projects and continuously advance technical skills.

PROFESSIONAL EXPERIENCE

- Full-Stack Developer Intern | Ménara Holding, Marrakech *May 2025 - July 2025*

- Managed the end-to-end development of a pallet management application.
- Designed the architecture, modeled the database (MySQL), and developed the REST API with Laravel.2
- Created a dynamic and responsive user interface with React.js.
- Participated in the integration, testing, and deployment of the solution using Docker.

- Full-Stack Developer (Training Project) | MIT (Marrakech) *January 2020 - June 2020*

- Developed an accounting application.
 - Designed and implemented a REST API with Symfony (PHP) to manage financial transactions.
 - Created an interactive user interface with React.js for data visualization.
 - Managed version control with Git/GitHub and the development environment with Docker.
-

PERSONAL PROJECTS

- Online Food Ordering

- Developed a complete website for online food ordering using JS, PHP & MySQL.

- Employee Management

- Created a desktop application for human resources management, enabling CRUD operations and salary calculation using ADO.NET.
-
